Every 10th  
Water Heater  
That We  
Install is  
**FREE!**

No Gimmicks!  
No Kidding!

# Every 10th Water Heater is FREE!

## No Gimmicks! No Kidding!

It's very simple! Just order your water heater as you would any other time. When the technician is finished with the install, he will call dispatch to find out what number you are. If you are the tenth of the last ten, you're a WINNER! The counter resets after every winner and winning names (with permission) will be posted on our web site. From a customer's point of view, you have nothing to lose! You will either pay a competitive price for a new water heater, or you will PAY NOTHING!

No pressure. No obligation. That's a promise!
